Congratulations to our HSCC team for winning 1st place at the BDPA HSCC National Competition in Raleigh, North Carolina!

A driven team of high school students from Rochester, Minn. placed first in a recent national computer programming competition in Raleigh, North Carolina earning a total of \$12,500 in scholarships and prizes. Led by Zack Garbow and supported by a number of volunteers, the Youth Computer Training Program (YCTP) teaches web programming techniques to students from 7th to 12th grade.
